

## DESIGN YOUR OWN SUPER SUIT!

Marvin's life is perfectly ordinary until one day he discovers a mysterious super suit hidden in his attic. It is powered by kindness and imagination, and since Marvin has tons of both, the powers of the suit are infinite...

1. Marv's suit does whatever he can imagine. If he wants to run up a wall his super suit obeys. Think about what your dream super suit would be able to do and how you might activate it (voice command, thought, a remote etc)
2. Think about what your super suit looks like. If it flies will it need to have a cape or wings . . .? What colour is it?
3. Gather ideas from everywhere (the internet, magazines, other books) If it helps you to imagine it, cut and stick pictures or bits of material next to your super suit.
4. Share your super suit ideas and if you can think of one, your superhero name! Which of your friend's super suits would you ask to borrow?

# MARV

## SUIT UP. STEP UP. IT'S TIME TO BECOME A HERO!

### YOU WILL NEED:

- A pen or pencil
- Colouring pencils
- Your imagination!
